

CHAPERONE POLICY

This organization is committed to providing a safe, comfortable environment where patients and staff can be confident that the best practices are being followed at all times.

Our patients are entitled to have a chaperone present for any examination, consultation or procedure she feels is necessary. This chaperone may be a family member or friend. On occasion you may prefer a formal chaperone to be present, and we will have a member of our staff available.

Whenever possible, it is asked that you make the request for a chaperone at the time of booking an appointment. When this is not possible, we will endeavor to provide a formal chaperone at the time of request. Dr. Taylor may also require a chaperone to be present for certain examinations and treatments.

I would like to have a chaperone NO YES
